SISTER CITIES

Two Williamson County communities are involved in sister city or twin town programs. Sister cities are used to promote commercial and social relationships between two international cities with similar demographics. These agreements help to foster friendships and promote economic trade. They also help to promote travel and tourism.

Twin town or sister city partnerships are established and maintained for a number of reasons. This is the case for Marion and Herrin, Williamson County’s participating cities. The Marion Cultural Exchange was formed with the addition of Aisin Manufacturing Illinois. This company influenced the increase and incorporation of Japanese culture to the area. To embrace our new friends and associates, the City of Marion established sister city ties with Kanie Town, Aichi Prefecture, Japan on March 26, 2010.

After the agreement, the Marion Carnegie Library invested in over 850 Japanese books, as well as English literature focused on Japanese culture. Delegations of leaders and students alternate each year, visiting Marion one year and Kanie Town the next. The students live with host families while they are visiting in order to be immersed in the culture. The leaders learn about one another’s governments, infrastructure, and business methods. Even though the two towns are 6000 miles away, there is a wonderful camaraderie between the governments and the citizens.

In Herrin, the partnership developed because of the city’s historic ties to their Italian twin town. In the time of the areas booming coal industry, over three thousand citizens of northern Italy, specifically Cuggiono, immigrated to Herrin for work. Though years passed, and the families lost touch with one another, the Italian history and heritage has remained an important piece of the town’s identity. Herrin and Cuggiono citizens desired to reconnect their once joined history.

The HerrinFesta Italiana is held in downtown Herrin to honor the area’s Italian heritage. On July 17, 2015, the two cities signed a sister city agreement. Since that time, an international basketball game between Herrin and Cuggiono was held at Herrin High School. The team stayed in the Herrin area for 10 days with host families. Later, a pen pal email program was established, and the Herrin High School Travel Club made the trip to Cuggiono. A church in Cuggiono was refurbished for heritage and cultural research pertaining to Herrin. It also helps to host the email exchange.

Celebrating our heritage and embracing our partnerships with other countries is so important. These programs promote travel and tourism, but also encourage education and understanding. visitSI is proud to have these cultural influences in our county and can’t wait to learn more about each sister city as the programs expand.
In the Summer of 2018, the park district realized a long-time vision to provide an inclusive playground for everyone to use. **The Heartland Regional Medical Center Inclusive Playground** is a play space universally designed so ALL children and families can play together, with no physical or social barriers.

You may be asking yourself, what is an inclusive playground? This means that the play space equipment is developed with all abilities in mind. Some of the equipment in this particular playground include ramps for wheelchairs or those with walking accessories and sensory music panels like the melody chimes. Inclusive playgrounds benefit all children and adults, regardless of ability and helps them to develop physically, socially, and emotionally. This equipment provides just the right level of challenge, promoting interaction of children and adults of all abilities. The playground helps individuals develop a true understanding of the world. It aids in appreciating and understanding both differences and similarities. It also promotes tolerance and acceptance of diversity. By giving children and adults with different abilities a chance to play together, inclusive play spaces can serve as joyful incubators of a more inclusive society.

The benefits of inclusive play areas reach far beyond the children in the community. They are also a welcome resource for parents with disabilities (wounded veterans, for example) or an aging caregiver who still wants to interact with the children in their care. This specific playground comes equipped with an adult and child swing, a Merry-Go-All, and various shaded areas to relax. The Rock N’ Raft equipment, saucer swings, and wave spinning seats are fun for everyone, including those with sensory needs.

This multi-generational area will help both children and adults lead a more active and healthier lifestyle, spend quality time together, and foster new friendships and memories. An outdoor fitness area is available for helping build muscle, tone, and get your doctor-recommended daily exercise.

At the Heartland Regional Medical Center Inclusive Playground, children and adults of all abilities can interact with each other and do what all kids want to do: play. Marion Park District is home to many other exciting community attractions including the Black Diamond Pickleball Complex, Pharaoh’s Way Disc Golf and the Aquatic Center.

OUTDOORS & NATURAL WONDERS

Turn off the technology and take the road less traveled. You will find some of the most beautiful scenery in Southern Illinois—right here in Williamson County. Explore thousands of acres of land and water that are home to wildlife, hiking paths, waterfalls, gardens and more. Explore, exhale, and observe the beauty of the region while hiking, biking or zipping through natural wonders.

Get lost in your thoughts while wandering the trails and wilderness areas. The Crab Orchard National Wildlife Refuge is comprised of an impressive 44,000 acres. This magnificent area is a sanctuary for both native and protected wildlife species. The expansive wilderness provides a pristine environment for hikers, birders (245 species), anglers and hunters. Relax and recharge as you wander through a tangle of live Oaks and Cypress, alive with bald eagles, otters, and white-tailed deer (to name a few). A full wildlife list is available at the Refuge Visitor Center located along Illinois Route 148.

Take the 9-mile auto tour which highlights wetlands, grasslands and woodlands and the wide variety of wildlife found in these areas. Interpretive programming includes a wildflower walk along the Rocky Bluff Trail in the Spring, where you may even see a waterfall after a wet afternoon. The Bald Eagle Tours in January are great for seeing some of the nesting pairs that call the refuge home. The Refuge Visitor Center also offers an introductory video and interpretive exhibits for daily viewing. Seasonal hunting opportunities for deer, turkey, small game and waterfowl are available throughout the Refuge as well. The vast acreage is also home to 9,000 acres of water including three larger lakes and several small ponds. The 7,000-acre Crab Orchard Lake hosts fantastic boat fishing opportunities. There are also several areas developed for bank fishing, like Wolf Creek Causeway, with accessible fishing piers, walkways and fish attractors. Anglers enjoy fishing for largemouth bass, crappie and channel catfish to name just a few of the available species.
Canoe or kayak down the serene waterways of the Refuge, flanked by dense woods. Little Grassy Lake spans 1,200 acres and includes a marina and campground. The flourishing waterways are a habitat for a considerable number of popular fish species. The lake is known for bluegill, sunfish and largemouth bass that are caught here each year. The crystal-clear waters of Devils Kitchen Lake draw in anglers for the rainbow trout that are stocked each Fall. Year-round fishing opportunities and numerous fishing tournaments make the region an angler’s dream.

Strap on a flyboard and soar over the glassy Lake of Egypt. This watersports paradise is spacious enough for water skiing, jet skiing, tubing, swimming, and much more. Two marinas offer a reprieve from the heat as well as food and cold adult beverages. After a long day full of activities, find a cozy place to relax at a nearby campground or cabin rental.

Soar high above the Shawnee National Forest floor through the treetops at Shawnee Bluffs Canopy Tour. This is the first entirely tree-based, eco-friendly zip line in Illinois. The canopy tour consists of eight zip lines (one more than 1,100 feet), three aerial suspension bridges, and three short ground hikes. The forest has seven wilderness areas that span across the southern portion of Illinois. These wilderness areas are available for hiking, biking, equestrian use, hunting, fishing, and other forms of non-motorized recreation. All trails are open to foot travel and most to horse travelers. If you’re looking for information on the forest or are in need of a personal guide... look no further. Hiking with Shawn is the Facebook page to turn to for information about the Shawnee National Forest. It is a community that is #ShawneeProud, that cares about and wants to promote the forest and local state parks by helping others see the beauty of the region we call home. One of the most popular wilderness areas of the Shawnee is Garden of the Gods, which is home to a rock formation locals call “Camel Rock.” Enjoy this all-natural attraction nestled between the Mississippi and Ohio Rivers in Southern Illinois.

Do you take your vacation with a shot of adrenaline?
Does peace and tranquility sound more like the adventure you’re looking for? You’ll find it at **Mandala Gardens**, home of Blue Heron Yoga & Mother Oak Sanctuary.

Find contentment at your fingertips on seven acres full of relaxing and inviting scenery. The gardens are home to a greenhouse, labyrinth, stone bridge and many artistic offerings. Two of the most known pieces of art are the “Infinity Arch” and “Moongate,” original stone structures by Thea Alvin. A 30-foot gazebo is fitted for both winter and summer use, including beautiful mosaic wall hangings. Blue Heron Yoga, with instructor Diana Tigerlily, uses the gazebo situated atop the terrace that overlooks the landscape. After finishing with yoga, extend your holistic practice by walking the beautiful stone labyrinth or by taking in the “Talisman” metal sculpture or the “Circle of Ritual Wonderment.” Each Spring, a variety of herbs and vegetables are sold from the homestead wagon. Find workshops, live music, and artists at work in this charming and intriguing natural space located in Marion.

Experience green spaces and scenic gathering spots perfect for walking, biking, or relaxing. Our area parks, many of which have pet friendly attributes, are a perfect respite from the chaos of day-to-day life. Picturesque parks appeal to bikers, picnickers and nature-lovers. While you may not think of it as exercise, exploring the outdoors and natural wonders of Williamson County can have its own health benefits. Many of our parks offer a walking path for a nice scenic stroll or brisk jog. Both the **Herrin and Marion Park Districts** feature recreational baseball/softball fields, tennis courts, basketball courts, and playgrounds.

New to the area this year are a disc golf course, a bags area and a pickleball complex. Pack a picnic (and a leash for your furry friend) for some memorable outings in Williamson County.

Step back in time and visit historical sites throughout Williamson County. Extraordinary treasures lie around every corner. Are you looking to find loved ones in the genealogy library, take a walk down memory lane inside a museum, or peruse the grounds of a historical village? It’s all available here within our communities.

Coal mining roots stretch far and wide throughout the region. The **Williamson County Historical Museum** is home to a wide variety of coal mining relics, as well as other unique artifacts. View books, newspaper articles, and more inside the **Herrin History Room** at Herrin City Library. The **Coal Miners Memorial Wall** and **Statue** in Herrin are also reminders of the once booming coal mining industry in Southern Illinois.

Take a look around the downtown areas of our communities. You will find a lot of history in the old architecture, as well as on the walls of some local businesses. The downtown **Carterville Heritage Museum** chronicles many items from the past. Nestled right next to the museum is **Rise Above It Bakery and Café**. This Café was one of only nine recipients to receive the 2019 Richard H. Driehaus Foundation Preservation Award for rehabilitation through Landmarks Illinois. In downtown Herrin, you will find historic banks and buildings with new life breathed into them through local retail shops and restaurants. Vintage neon signage still lights up the main street. On the downtown Marion Square, the **Marion Cultural and Civic Center** is a historic piece of the town, with its original façade incased in the newly built playhouse, paying tribute to the original theatre that was destroyed by a fire in 1997.

The Williamson County Historical Museum is also located in downtown Marion. This museum was built in 1913. It served as the jail, as well as a home for the Sheriff and his family. In 1972, the **Williamson County Historical Society** accepted the building to be used as a museum after a new jail was built. Some of the design of the old home was influenced by Frank Lloyd Wright and the building itself has been placed on the National Register of Historic Places. A fully functional genealogy and history research library now occupy the space that was once the kitchen and dining area. A guest computer and free Wi-Fi are available for those who wish to access the online databases. Memorials are a great way to remember the past, whether it is a statue, plaque or just a site of remembrance. Each community has their own unique memorials to honor our veterans. Herrin has a veteran mural downtown, as well as a memorial wall and the **Doughboy Statue**. While the Doughboy represents the veterans of World War I, the monument was dedicated to those who served during the six great wars.
Downtown Johnston City is home to the **Fallen Soldier Memorial Statue and Wall**. This wall lists the names of local fallen heroes and a Memorial Day celebration is held in this location each year. Located in downtown Carterville, next to the Heritage Museum, is the **Carterville Veterans Memorial**. It features plaques citing the names of WWI and WWII Veterans on one side, as well as veterans of other wars on the opposite side. Marion is also home to many memorial sites, **Rosehill Cemetery** has a Veterans Memorial. The **Veterans of Foreign Wars** has a memorial garden that pays tribute to Korean and Vietnam War Vets. A decommissioned tank rests just west of the VFW hall.

Uncover a region full of diverse cultures and a wide range of historical offerings at your fingertips. Williamson County has many ways to find that special piece of history, whether you are passing through, or are a Southern Illinois resident. Go back in time and discover what secrets the area holds.
